

Solidarity Against Racism!

Defend Our Neighborhoods!

This Saturday, October 3rd, 2009, the neo-nazi National Socialist Movement (NSM) has threatened to demonstrate against an anti-racist workshop being held at the YWCA on East Lake Street in Minneapolis. The NSM has declared the anti-racist organizers "traitors" to white supremacy.

This provocation also has a wider goal: The NSM has been holding racist anti-immigrant rallies in southern Minnesota, and now they are seeking to establish a presence inside the City of Minneapolis. For years Minneapolis has been a virtual "no-go" area for organized racist activity, due to the efforts of young anti-racist organizers.

In the wake of the racist attacks in Brooklyn Park last week, the nazis' threat cannot be ignored. They plan to bring their racist, homophobic, anti-immigrant, anti-Semitic message of division and hate right into the heart of the city. They must not go unopposed!
